

PRODJ200 Release

KOSS PRODJ200 STEREOPHONE AVAILABLE NOW

Milwaukee, WI USA – February 21, 2012 – Koss Corporation (KOSS), the Milwaukee, Wisconsin based high fidelity stereophone manufacturer and inventor of the world's first SP/3 Stereophone in 1958, has introduced the ProDJ200 to their Professional DJ product line.

Designed for both music professionals and music enthusiasts alike, the ProDJ200 features the globally recognized Sound of Koss wrapped into extremely resilient spun metal ear cups. ProDJ200 folds flat for easy storage in a new, specially designed Koss travel case.

The ProDJ200 gives listeners the flexibility to change cords on the go with a new detachable cord design. Included with every ProDJ200 is a standard, professional grade, 8-foot coiled cord, and a new 4-foot straight cord equipped with Koss Touch Control (KTC) remote and microphone technology made for iPhone®, iPad® and iPod®. KTC allows listeners to stay connected, shuffle songs and control the volume with the simple flick of a switch.

The ProDJ200 is now available for purchase at www.koss.com.

Koss Stereophones

Koss Stereophones has been headquartered in Milwaukee, Wisconsin since 1958 and is known worldwide for its high fidelity stereophones and audio accessories. Koss Corporation also offers digital audiophile compact disc recordings of American orchestras on its Koss Classic Label.

Apple, iPod, iPhone and iPad are trademarks of Apple Inc., registered in the U.S. and other countries.
