KOSS CORPORATION
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
March 31, 2016
(Unaudited)

1. CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

The condensed consolidated balance sheet of Koss Corporation (the "Company") as of June 30, 2015, has been derived from audited financial statements. The unaudited condensed consolidated financial statements presented herein are based on interim amounts. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP") have been condensed or omitted. In the opinion of management, all adjustments (consisting of normal recurring accruals) necessary to present fairly the financial position, results of operations and cash flows for all periods presented have been made. The operating results for the nine months ended March 31, 2016, are not necessarily indicative of the operating results that may be experienced for the full fiscal year ending June 30, 2016.

These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Registrant's Annual Report on Form 10-K for the fiscal year ended June 30, 2015.

2. UNAUTHORIZED TRANSACTION RELATED COSTS AND RECOVERIES

For the three and nine months ended March 31, 2016 and 2015, the costs incurred were for legal fees related to claims initiated against third parties (see Note 11). In the three months ended March 31, 2016, the Company had net recoveries as a result of settling one of its claims for a gross amount of \$3,000,000. For the three and nine months ended March 31, 2016 and 2015, the costs and recoveries were as follows:

4. INCOME TAXES

The Company files income tax returns in the United States federal jurisdiction and in several state jurisdictions. The Company's federal tax returns for tax years beginning July 1, 2012 or later are open. For states in which the Company files state income tax returns, the statute of limitations is generally open for tax years ended June 30, 2012 and forward. For the nine months ended March 31, 2016, the Company recorded an income tax expense of \$685,310, compared to an income tax expense of \$141,978 for the nine months ended March 31, 2015.

The Company does not believe it has any unrecognized tax benefits as of March 31, 2016 and as of June 30, 2015. Any changes to the Company's unrecognized tax benefits as of March 31, 2016, if recognized, would impact the effective tax rate.

5. CREDIT FACILITY

On May 12, 2010, the Company entered into a secured credit facility ("Credit Agreement") with JPMorgan Chase Bank, N.A. ("Lender"). The Credit Agreement provided for an \$8,000,000 revolving secured credit facility with interest rates either ranging from 0.0% to 0.75% over the Lender's most recently publicly announced prime rate or 2.0% to 3.0% over LIBOR, depending on the Company's leverage ratio. The Company pays a fee of 0.3% to 0.45% for unused amounts committed in the credit facility. On July 23, 2014, the Credit Agreement was amended to reduce the facility to \$5,000,000, subject to a borrowing base calculation as defined in the Credit Agreement, and to amend certain financial covenants. On July 29, 2015, the Credit Agreement was amended to extend the expiration to July 31, 2016, and to amend certain financial covenants. In addition to the revolving loans, the Credit Agreement also provides that the Company may, from time to time, request the Lender to issue letters of credit for the benefit of the Company of up to a sublimit of \$2,000,000 and subject to certain other limitations. The loan may be used only for general corporate purposes of the Company.

The Credit Agreement contains certain affirmative, negative and financial covenants customary for financings of this type. The negative covenants include restrictions on other indebtedness, liens, fundamental changes, certain investments, asset sales, sale and leaseback transactions and transactions with affiliates, among other restrictions. The financial covenants include minimum EBITDA and minimum tangible net worth requirements. The Company and the Lender also entered into the Pledge and Security Agreement dated May 12, 2010, under which the Company granted the Lender a security interest in substantially all of the Company's assets in connection with the Company's obligations under the Credit Agreement. The Company is currently in compliance with all covenants related to the Credit Facility. As of March 31, 2016 and June 30, 2015, there were no outstanding borrowings on the facility.

The Company incurs interest expense primarily related to its secured credit facility. Interest expense was \$6,075 and \$12,813 for the nine months ended March 31, 2016 and 2015, respectively. There was no interest expense incurred in the three months ended March 31, 2016 and 2015.

6. ACCRUED LIABILITIES

Accrued liabilities for March 31, 2016 and June 30, 2015 were as follows:

7. INCOME PER COMMON AND COMMON STOCK EQUIVALENT SHARE

Basic income per share is computed based on the weighted-average number of common shares outstanding. The weighted-average number of common shares outstanding was 7,382,706 for the periods ended March 31, 2016 and 2015. When dilutive, stock options are included in income per share as share equivalents using the treasury stock method. For the periods ended March 31, 2016 and 2015, there were no common stock equivalents related to stock option grants that were included in the computation of the weighted-average number of shares outstanding for diluted income per share. Shares issuable upon the exercise of outstanding options of 2,150,000 and 2,280,000 were excluded from the diluted weighted-average common shares outstanding for the periods ended March 31, 2016 and 2015, respectively, as they would be anti-dilutive.

8. STOCK OPTIONS

The Company recognizes stock-based compensation expense for options granted under both the 1990 Flexible Incentive Plan and the 2012 Omnibus Incentive Plan. The stock-based compensation relates to stock options granted to employees, non-employee directors and non-employee consultants. Stock-based compensation expense during the three and nine months ended March 31, 2016 was \$121,257 and \$366,665, respectively. Stock-based compensation expense during the three and nine months ended March 31, 2015 was \$156,010 and \$474,501, respectively.

11. LEGAL MATTERS

As of March 31, 2016, the Company is party to the matters described below:

- On February 18, 2010, the Company filed an action against American Express Company, American Express Travel Related Services Company, Inc., AMEX Card Services Company, Decision Science, and Pamela S. Hopkins in Superior Court of Maricopa County, Arizona, case no. CV2010-006631. The claims alleged include aiding and abetting breach of fiduciary duty, aiding and abetting fraud, and conversion relating to the unauthorized transactions, as previously reported. On or around February 12, 2016, the Company announced that this case has been settled. Pursuant to the settlement agreement, the Company recorded net recoveries this quarter relating to the unauthorized transactions as described further in Note 2.
- On December 17, 2010, the Company filed an action against Park Bank in Circuit Court of Milwaukee County, Wisconsin alleging a claim of breach of the Uniform Fiduciaries Act relating to the unauthorized transactions, as previously reported. In 2015, Park Bank filed third party claims based on contribution and subrogation against Grant Thornton LLP and Michael Koss. The Court granted motions to dismiss the contribution claims against Grant Thornton LLP and Michael Koss, but determined that it was premature to decide the subrogation claims at this stage of the proceedings. On or around March 11, 2016, the Court entered an order granting Park Bank's motion for summary judgment that dismissed the case. On March 22, 2016, the Company filed a Notice of Appeal that appeals the order granting Park Bank's motion for summary judgment and the Court's denial of the motion to dismiss the subrogation claims.

The ultimate resolution of these matters is not determinable unless otherwise noted.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations
Overview

The Company markets a complete line of high-fidelity headphones, wireless Bluetooth® speakers, computer headsets, telecommunications headsets, active noise canceling headphones, wireless headphones and compact disc recordings of American Symphony Orchestras on the Koss Classics label. The Company operates as one business segment.

Results of Operations Summary

- Net sales for the quarter ended March 31, 2016, were virtually unchanged compared to the same quarter last year. For the nine months ended March 31, 2016, net sales were \$18,762,662 compared to \$18,511,192 for the same period last year for an increase of 1.4%.
- Gross profit as a percent of sales remained at 35.2% for the three months ended March 31, 2016, compared to the three months ended March 31, 2015, but decreased from 34.4% to 34.2% for the nine months ended March 31, 2016 compared to the same prior year period. These fluctuations were primarily due to the change in the mix of business by product, customer and sales channels.
- Selling, general and administrative expenses were higher than last year for the three months ended March 31, 2016, due to higher incentive compensation expense. It was lower than last year for the nine months ended March 31, 2016, as reduced headcount and lower stock-based compensation more than offset the incentive compensation expense.
- One of the lawsuits was settled in the three months ended March 31, 2016, and resulted in gross proceeds of \$3 million that have been partially offset by \$1.6 million of attorney fees and related expenses.

2016 Results Compared with 2015

(comments refer to both the three and nine month periods unless otherwise stated)

Net sales were virtually unchanged for the three months ended March 31, 2016. For the nine months ended March 31, 2016, sales increased 1.4% to \$18,762,662. Net sales increased in the export markets but were lower in the domestic markets.

Net sales in the domestic market were lower due to loss of sales through a drug store chain and lower sales through an online retailer as well as lower sales through certain distributors. These reductions were partially offset by increased sales at a mass retailer and the addition of new customers. Increased sales at the mass retailer were primarily due to the introduction of an additional item in its stores in May 2015.

Export net sales have increased with the addition of a new Asian distributor, a new original equipment manufacturer ("OEM") customer in Asia, and a new distributor in Africa. In addition, the Scandinavian distributor has increased sales volumes as a result of adding newer models and developing more retail locations. These increases were partially offset by reduced sales to Russia, Ukraine, Japan and Canada. The distributor in Russia has reduced volumes while struggling with a challenging economy. In the Ukraine, sales remain low as a result of the local conflict and poor economic conditions.

Gross profit stayed the same at 35.2% for the three months ended March 31, 2016, compared to 35.2% for the three months ended March 31, 2015. For the nine months ended March 31, 2016 and 2015, gross profit was 34.2% and 34.4% respectively. The gross profit is typically driven by changes in product mix, customer mix and sales channels as well as volume of business. Since the volumes between the two years are very consistent, the gross margins would not be expected to change very much.

Selling, general and administrative expenses were higher than last year for the three months ended March 31, 2016, due to higher incentive compensation expense partially offset by reduced headcount and a reduced expense for stock-based compensation. For the nine months ended March 31, 2016, selling, general and administrative expense was lower than the same period last year as the impact of the reduced headcount and reduced stock based compensation more than offset the higher incentive compensation. Incentive compensation was higher for the three and nine months ended March 31, 2016 by approximately \$115,000 and \$140,000. The reduction in headcount is related to the retirement of the former Chairman which reduced expenses by approximately \$47,000 and \$140,000 for the three and nine months ended March 31, 2016. Stock-based compensation was lower by approximately \$35,000 and \$108,000 for the three and nine months ended March 31, 2016.

The effective income tax rate for the nine months ended March 31, 2016, was 37.2%, which is comprised of the U.S. federal statutory rate of 34% and the effect of state income taxes. It is anticipated that the effective income tax rate will be approximately 38-40% for the year ended June 30, 2016.

Non-GAAP Financial Measures

The Company's management uses the non-GAAP measurement of earnings before interest, taxes, depreciation and amortization ("EBITDA") to track performance from operations. EBITDA as calculated below is one of the amended covenants in the Company's credit agreement with JPMorgan Chase Bank, N.A. This measurement excludes unusual and non-recurring expenses and recoveries related to the unauthorized transactions, as previously reported. The following table reconciles net income for the periods presented (GAAP financial measure) to non-GAAP EBITDA from operations.

	Three Months Ended		Nine Months Ended	
	March 31		March 31	
	2016	2015	2016	2015
Net income	\$ 869,686	\$ 57,218	\$ 1,155,513	\$ 127,806
Interest expense	—	—	6,075	12,813
Income tax provision	497,865	58,586	685,310	141,978
Unauthorized transaction related costs (recoveries), net	(1,360,951)	1,078	(1,286,001)	78,570
Depreciation of equipment and leasehold improvements	115,433	108,544	367,369	437,344
Stock-based compensation expense	121,257	156,010	366,665	474,501
EBITDA from operations	\$ 243,290	\$ 381,436	\$ 1,294,931	\$ 1,273,012

Non-GAAP EBITDA from operations decreased to 4.1% of net sales for the three months ended March 31, 2016 compared to 6.4% of net sales in the three months ended March 31, 2015. For the nine months ended March 31, 2016, EBITDA was 6.9% of net sales compared to 6.9% of net sales for the same nine month period one year ago. These changes reflect the impacts of changes in selling, general and administrative expense as described above.

Liquidity and Capital Resources**Cash Flows**

The following table summarizes our cash flows from operating, investing and financing activities for the nine months ended March 31, 2016 and 2015:

Total cash provided by (used in):	2016	2015
Operating activities	\$ 339,451	\$ (359,478)
Investing activities	(421,414)	(495,355)
Financing activities	—	—
Net (decrease) in cash and cash equivalents	\$ (81,963)	\$ (854,833)

Operating Activities

In the nine months ended March 31, 2016, the Company received cash in advance payments of approximately \$311,000 for shipments to be made in the quarter ended June 30, 2016.

In the nine months ended March 31, 2015, the Company paid approximately \$1,300,000 for returned product received in the year ended June 30, 2014, as the customer did not buy sufficient new products to offset these returns. This was partially offset by receipt of a federal income tax refund of approximately \$900,000.

Investing Activities

Cash used in investing activities was lower for the nine months ended March 31, 2016, as the Company decreased expenditures for tooling related to products, which was partially offset by an increase in expenses for leasehold improvements. The Company anticipates it will incur total expenditures of approximately \$500,000 to \$600,000 for tooling, leasehold improvements and capital expenditures during the fiscal year ending June 30, 2016. The Company expects to generate sufficient cash flow through operations or through the use of its credit facility to fund these expenditures.

Financing Activities

As of March 31, 2016, the Company had no outstanding borrowings on its bank line of credit facility.

There were no purchases of common stock in 2016 or 2015 under the stock repurchase program. No stock options were exercised in 2016 or 2015.

Liquidity

The Company's capital expenditures are primarily for tooling. In addition, it has interest payments on its borrowings when it uses its line of credit facility. The Company believes that cash generated from operations, together with cash reserves and borrowings available under its credit facility, provide it with adequate liquidity to meet operating requirements, debt service requirements and planned capital expenditures for the next twelve months and thereafter for the foreseeable future. The Company regularly evaluates new product offerings, inventory levels and capital expenditures to ensure that it is effectively allocating resources in line with current market conditions.

Credit Facility

On May 12, 2010, the Company entered into a secured credit facility ("Credit Agreement") with JPMorgan Chase Bank, N.A. ("Lender"). The Credit Agreement provided for an \$8,000,000 revolving secured credit facility and letters of credit for the benefit of the Company of up to a sublimit of \$2,000,000. On July 23, 2014, the Credit Agreement was amended to lower the revolving credit line to \$5,000,000 and to amend certain financial covenants. The Company and the Lender also entered into a Pledge and Security Agreement dated May 12, 2010 under which the Company granted the Lender a security interest in substantially all of the Company's assets in connection with the Company's obligations under the Credit Agreement. On July 29, 2015, the Credit Agreement was amended to extend the expiration to July 31, 2016, and to amend certain financial covenants. The Company is currently in compliance with all covenants related to the Credit Facility. As of March 31, 2016 and June 30, 2015, there were no outstanding borrowings on the facility.

Off-Balance Sheet Arrangements

The Company has no off-balance sheet arrangements other than the lease for the facility in Milwaukee, Wisconsin. The Company leases the facility from Koss Holdings, LLC, which is wholly-owned by the former Chairman. On May 15, 2012, the lease was renewed for a period of five years, ending June 30, 2018, and is being accounted for as an operating lease. The lease extension maintained the rent at a fixed rate of \$380,000 per year. The Company is responsible for all property maintenance, insurance, taxes and other normal expenses related to ownership. The facility is in good repair and, in the opinion of management, is suitable and adequate for the Company's business purposes.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Not applicable.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

Disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e)) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") are designed to ensure that: (1) information required to be disclosed in reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms; and (2) such information is accumulated and communicated to management, including the chief executive officer and principal financial officer, to allow timely decisions regarding required disclosures. There are inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable assurance of achieving their control objectives.

The Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of the Company's disclosure controls and procedures as of March 31, 2016. The Company's management has concluded that the Company's disclosure controls and procedures as of March 31, 2016 were effective.
